- **Group Sales Revenue for Q1'2026 reached THB 2,349.5 million, up 11.9%** compared to the same period last year, driven by growth in local consumption and the favorable warm weather. Made-to-order sales also recorded strong growth, driven by increased demand for smaller pack sizes introduced by HaadThip.
- **The GP margin Q1'2026 stable at 42.1%**, with phase 4 sugar tax impact offset by favorable price mix and channel management, as well as efficiency programs and economies of scale.
- **Total SG&A expenses for Q1'2026 increased by 12.8%**, compared to the same period last year, driven mainly by higher selling expenses in line with the increased sales volume, particularly in the modern trade channel.
- **Net profit for Q1'2026** was recorded at THB 198.3 million, an increase of 9.0% compared to the same period last year, driven by higher sales volume and effective maintenance of gross profit margin.
