

Subject: Delegation of Authority for Financial and Budget Approval

Purpose of the Approval Authority Policy

To ensure effective governance, financial discipline, and appropriate internal control over the use of Company resources, the Company hereby establishes this Delegation of Authority (DOA) for Financial and Budget Approval.

The purpose of this policy is to define clear approval authorities and accountability levels for financial commitments, budget utilization, investments, and other related transactions. By establishing defined approval thresholds and responsibilities, the Company aims to ensure that expenditures and financial decisions are reviewed and approved at the appropriate management level, aligned with the Company's business objectives, risk management practices, and financial policies.

This policy also promotes transparency, consistency, and responsible stewardship of Company resources while supporting efficient decision-making across the organization.

The following definitions outline the key categories of financial and operational approvals covered under this policy and clarify the scope of authority assigned to each approval level.

Scope of Approval Categories

The approval authorities outlined in this policy apply to financial and operational transactions as defined in the Approval Authority Matrix above. The matrix specifies the approval thresholds assigned to each management level. The following descriptions provide definitions and scope for each approval category.

1. Approval of Budget Expenditure Usage (OPEX)

Refers to the authorization required for the utilization of Operating Expenditure (OPEX) that has been approved within the Company's annual operating budget. This includes routine operational expenses necessary for business operations, such as administrative costs, services, maintenance, utilities, and other operational expenditures, subject to the approval thresholds specified in the Approval Authority Matrix.

2. Approval of Budget Expenditure Usage for Investment (CAPEX)

Refers to the authorization required for expenditures related to Capital Expenditure (CAPEX), including investments in fixed assets, equipment, facilities, technology systems, and other long-term assets. All CAPEX spending must comply with the approval limits and hierarchy defined in the Approval Authority Matrix.

3. Approval of the Maximum Spending Limit in the Purchase Request System

Refers to the authorization required to approve the financial value specified in a purchase request initiated through the Company's procurement system prior to the issuance of a purchase order.

The approved amount represents the maximum spending limit for the requested procurement transaction and must comply with the approval thresholds defined in the Approval Authority Matrix.

4. Transfer of Expense Budget Within the Same Expense Category (OPEX)

Refers to the approval required for reallocating operating expense budgets between cost items within the same expense category and within the same cost center or function, without increasing the total approved OPEX budget. Such transfers must remain consistent with the original purpose of the expense and must comply with the approval thresholds specified in the Approval Authority Matrix.

5. Transfer of Budget Within the Same Asset Category (CAPEX)

Refers to the approval required for reallocating capital expenditure budgets within the same asset category or investment classification, provided that the total approved CAPEX budget is not increased. Approval must be obtained according to the authority levels specified in the Approval Authority Matrix.

6. Increase of CAPEX Budgets (Cumulative Year-to-Date) – Unplanned Budget

Refers to the authorization required for additional capital expenditure that was not originally included in the approved annual CAPEX budget. This applies to unplanned investments or projects where cumulative spending exceeds the approved budget allocation during the fiscal year. Such increases must follow the approval thresholds specified in the Approval Authority Matrix.

7. Increase of OPEX Budgets (Cumulative Year-to-Date) – Unplanned Budget

Refers to the authorization required for additional operating expenditures that exceed the approved annual OPEX budget due to unforeseen operational requirements. All incremental OPEX budgets must be reviewed and approved in accordance with the authority levels defined in the Approval Authority Matrix.

8. Approval for Disposal of Unusable or No-Longer-Used Assets

Refers to the authorization required to dispose of assets that are obsolete, damaged, or no longer required for business operations. Disposal methods may include scrapping, selling, or transferring assets, and must comply with accounting and asset management procedures as well as the approval thresholds defined in the Approval Authority Matrix.

9. Approval to Write Off Lost Goods or Assets

Refers to the authorization required to write off assets or inventory that are confirmed to be lost, including cases involving loss, theft, or other circumstances where recovery is not possible. All write-offs must be documented and approved according to the Approval Authority Matrix.

10. Approval to Write Off Goods or Assets That Are Unusable

Refers to the authorization required to remove assets or inventory from the Company's financial records due to damage, deterioration, or inability to be used for operational purposes, where repair or recovery is not feasible. Approval must follow the authority levels defined in the Approval Authority Matrix.

11. Approval of Petty Cash

Refers to the authorization required for the establishment, replenishment, or utilization of petty cash funds used for small-value operational expenses where standard procurement procedures are not practical.

Petty cash transactions must comply with the Company's petty cash procedures and the approval thresholds defined in the Approval Authority Matrix.

12. Approval of Cash Advance

Refers to the authorization required for advance payments issued to employees or departments for business-related expenses, such as travel, operational purchases, or project-related costs. All cash advances must be supported by appropriate documentation and settled in accordance with the Company's financial procedures and approval limits specified in the Approval Authority Matrix.

		CEO	Deputy CEO	CSO/CSCO	SVP/VP/AVP by Function	VP of Finance	Director	Division	Dept.	Finance /Procurement Review
1	Approval of budget expenditure usage (OPEX)	>4,000,000 THB	≤ 4,000,000 THB	≤ 2,000,000 THB	≤ 500,000 THB	-	≤ 200,000 THB	-	-	Supporting documents and budget availability to be verified by Procurement
2	Approval of budget expenditure usage for investment (CAPEX)	>4,000,000 THB	≤ 4,000,000 THB	≤ 2,000,000 THB	≤ 500,000 THB	-	≤ 100,000 THB	-	-	Procurement to verify procurement process and approval authority: Finance to jointly review cases exceeding 500,000 THB
3	Approval of the maximum spending limit in the purchase request system	>4,000,000 THB	≤ 4,000,000 THB	≤ 2,000,000 THB	≤ 500,000 THB	-	≤ 100,000 THB	-	-	Procurement to review and verify the purchase request and procurement compliance
4	Transfer of expense budget that can only be done within the same type of expense (OPEX)	>4,000,000 THB	≤ 4,000,000 THB	≤ 2,000,000 THB	≤ 500,000 THB	-	≤ 200,000 THB	-	-	Finance to jointly review budget transfer requests exceeding 200,000 THB
5	Transfer of budget within the same asset category (CAPEX)	>4,000,000 THB	≤ 4,000,000 THB	≤ 2,000,000 THB	≤ 500,000 THB	-	≤ 100,000 THB	-	-	Finance to review the CAPEX budget reallocation
6	Increase of CAPEX budgets (cumulative year to date) - unplanned budget	>5,000,000 THB	≤5,000,000 THB	-	-	-	-	-	-	Finance to review budget justification and funding availability
7	Increase of OPEX budgets (cumulative year to date) - unplanned budget	>1,000,000 THB	≤1,000,000 THB	-	-	-	-	-	-	Finance to review budget justification and funding availability
8	Approval for disposal of unusable / no-longer-used assets	>2,000,000 THB	≤ 2,000,000 THB	≤ 1,000,000 THB	-	≤ 500,000 THB	-	-	-	Copy to Finance Planning and Accounting for asset record update
9	Approval to write-off lost goods/assets	>2,000,000 THB	≤ 2,000,000 THB	≤ 1,000,000 THB	-	≤ 500,000 THB	-	-	-	Copy to Accounting for financial record adjustment
10	Approval to write off goods/assets that are unusable	>2,000,000 THB	≤ 2,000,000 THB	≤ 1,000,000 THB	-	≤ 500,000 THB	-	-	-	Copy to Accounting for financial record adjustment
11	Approval of Petty Cash	>1,000,000 THB	≤ 1,000,000 THB	≤ 200,000 THB	≤100,000 THB	-	≤ 50,000 THB	-	-	Copy to Accounting and VP of Finance for monitoring and record control
12	Approval of Cash Advance	>1,000,000 THB	≤ 1,000,000 THB	≤ 200,000 THB	≤100,000 THB	-	≤ 50,000 THB	-	-	Copy to Accounting and VP of Finance for monitoring and settlement control

Approval Authority Matrix

Remark: For SVP/VP/AVP levels, approval authority shall reside with the highest-ranking position within the relevant function.

Compliance with Policy

All employees and management personnel are required to comply with the approval authorities and financial controls outlined in this policy. Any financial commitment, expenditure, or transaction must be approved in accordance with the authority levels specified in the Approval Authority Matrix.

Failure to obtain the required approvals prior to committing Company resources may be considered a breach of internal control procedures and may result in corrective actions in accordance with the Company's governance and disciplinary policies.

Exception Handling

Any exception to the approval authority framework defined in this policy must be justified with valid business reasons and must receive prior written approval from the Chief Executive Officer (CEO) or an authorized executive designated by the CEO.

Such exceptions should be documented appropriately to ensure transparency and auditability in accordance with the Company's internal control and governance standards.

Policy Review and Amendment

This policy shall be reviewed periodically to ensure its continued relevance, effectiveness, and alignment with the Company's governance framework and business operations. Any amendment to this policy must be approved by the Chief Executive Officer (CEO) or the appropriate executive authority as designated by the Company.

Effective Date

This Delegation of Authority for Financial and Budget Approval Policy shall become **effective on 1 April 2026** and shall remain in force until revised or replaced by a subsequent policy approved by the Company.

Announced on 31 March 2026

Major General

(Patchara Rattakul)
