

Policy: Human Resources Development	Effective date: January 2025
Title: Training Approval Process	Edition No. 01
Policy Code: HR/HRD/02	Next Revision: January 2026

1.0 OBJECTIVE

The primary objective of this policy is to streamline and clarify the training approval process, enhancing the overall effectiveness of training and development programme administration.

2.0 DEFINITION

- 2.1 **Training Needs Survey** is a tool to identify gaps in employees' skills, knowledge, and competencies. It ensures that training programmes align with organizational goals, driving performance improvement, and supporting employee development.
- 2.2 **Annual Training Plan** outlines the scheduled training programmes for the year, designed to address training courses and employee development programme that supports the organization's strategic goals and human resource development trends.
- 2.3 **Unplanned Training Request** refers to a request for training that arises outside of the training needs survey and scheduled Annual Training Plan. These requests are typically made to address critical and immediate skill gaps, emerging needs, or unforeseen challenges that require prompt action.

3.0 POLICY STATEMENT

- 3.1 Better address the training needs for employee knowledge and skills development, manage the training budget with greater precision and support continuous process improvement.
- 3.2 Ensure more efficient administration and optimal allocation of resources to maximize the impact of training efforts.
- 3.3 Improve the management of training resources and budgets by ensuring all divisions have access to appropriate training opportunities and support for employees.
- 3.4 Fosters alignment between training programmes and organizational needs, ensuring employees receive relevant training that drives impactful outcomes for the organization.

4.0 PROCEDURES

This policy outlines the procedures governing the following approval processes:

4.1 The approval process for the Annual Training Plan and Budget

4.2 The approval process for individual training requests

4.1 The approval process for the Annual Training Plan and Budget

4.1.1 Setting the Annual Training Plan:

- To align with strategic goals, each function must consider its employees' development needs and training plans when preparing the business plan proposal for the upcoming year. This ensures that employees have the skills and capabilities to perform effectively and meet targets. The training plan and budget should therefore reflect the proposed business plan.
- In Q4 of each year, the Human Resources Development (HRD) Division will distribute the annual training needs survey to all functional heads.
- The Functional Head, or an authorized representative, must complete a draft of the annual training needs survey. The identified needs must align with both the business plan and the functional competency requirements.
- The Functional Head is responsible for reviewing and providing initial concurrence on the data submitted in the training needs survey.
- The Functional head or authorized representative will then submit the completed survey to the HRD Division Manager or designated person.
- HRD will review, verify, and consolidate the submitted training needs surveys into the Annual Training Plan

4.1.2 Verification and C-Level Approval

- The VP-HR prepares a proposal for the Annual Training Plan and budget and submits it to the COO and the CEO for review.
- The COO reviews and verifies the Annual Training Plan and proposed budget before forwarding it to the CEO for final approval.

4.1.3 Communication of the Approved Annual Training Plan

Once the Annual Training Plan and allocated budget are approved, the HRD will communicate the approved training budget to the respective Functional Heads.

4.2 The Approval Process for Individual Training Requests

4.2.1 Training Request categories:

The Function evaluates each training request to determine its category:

- **Training Requests within the Approved Annual Training Plan and Budget**
- **Training Requests outside of the approved plan and budget (unplanned training)**

4.2.2 Procedure for Training Requests within the Approved Annual Training Plan and Budget:

1. The Functional Head or an authorized representative **MUST** ensure that the training request aligns the approved Annual Training Plan (training schedule) and training budget. Managers must ensure compliance with **Appendix A: Table of Training Approving Authority** before submitting the request to HRD for further action.
2. Upon receiving final approval, HRD will notify the Functional Head or authorized representative, as well as the participants, of the confirmed request.
3. HRD will handle all arrangements based on the request and record the completion of training courses once staff have successfully completed the programme.

Reference: The company's cash advance approval authority regulations for guidance on the approval process related to financial requests.

4.2.3 Procedure for Training Requests outside of the approved plan and budget (UNPLANNED Training and budget), the following procedure must be followed:

1. The request must be initially approved by the Functional Head before being submitted to the Human Resources Development (HRD) Division Manager or an authorized person.
2. The Vice President of Human Resources (VP-HR) will then verify the request:
 - If the VP-HR concurs with the proposal, it will be forwarded to the Chief Operating Officer (COO), Chief Financial Officer (CFO), and Chief Executive Officer (CEO) for final approval.
 - If the VP-HR disagrees, the request will be returned to the Functional Head for review, revision, and resubmission.
3. The COO will evaluate the request
 - If approved, it will be escalated to the CEO for final sign-off.
 - If rejected, the request will be returned to the VP-HR. The Functional Head will be responsible for revising and resubmitting it to the VP-HR for reconsideration by the COO.
4. Once the CEO grants final approval, the HRD will notify the Functional Head or designated representative.
5. HRD will then coordinate the necessary arrangements and document the completion of the training upon staff participation.
