

How to setup Email on your iPhone, iPad, or iPod touch

To setup your e-mail on iOS devices, please follow these instructions;

1. To setup email via Microsoft Exchange account

Go to Settings > Mail > Add Account > Microsoft Exchange.

 iCloud

Microsoft Exchange

 Outlook.com

Other

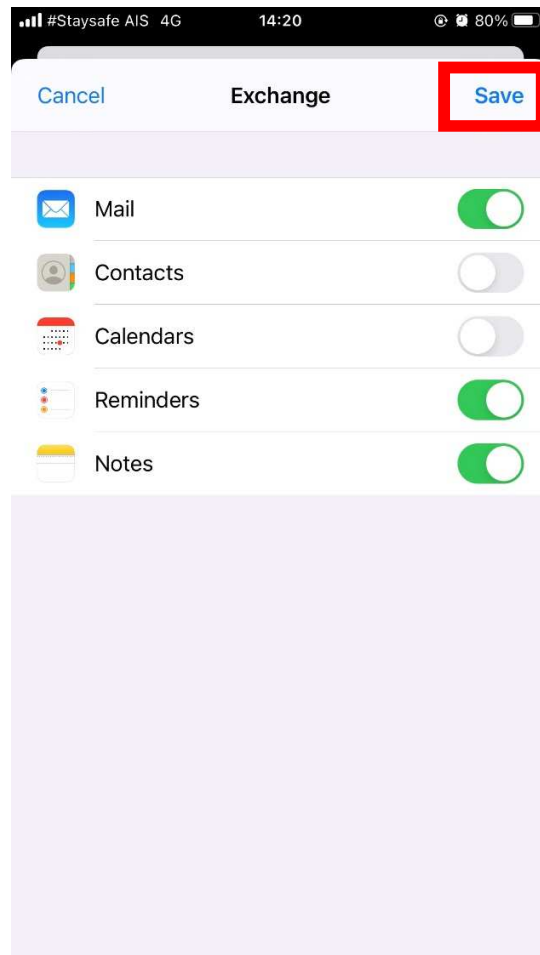

Email: Please enter your email address

Description: Please type → Exchange and tap Next.

Note: If a password request is displayed on the mobile screen. Please enter the same password when you access to your computer (AD Password) and tap Sign In

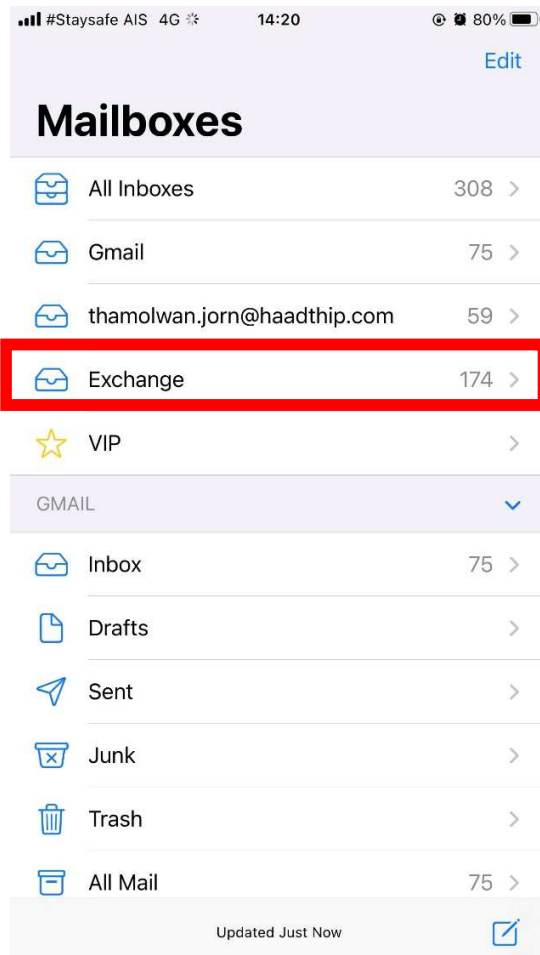

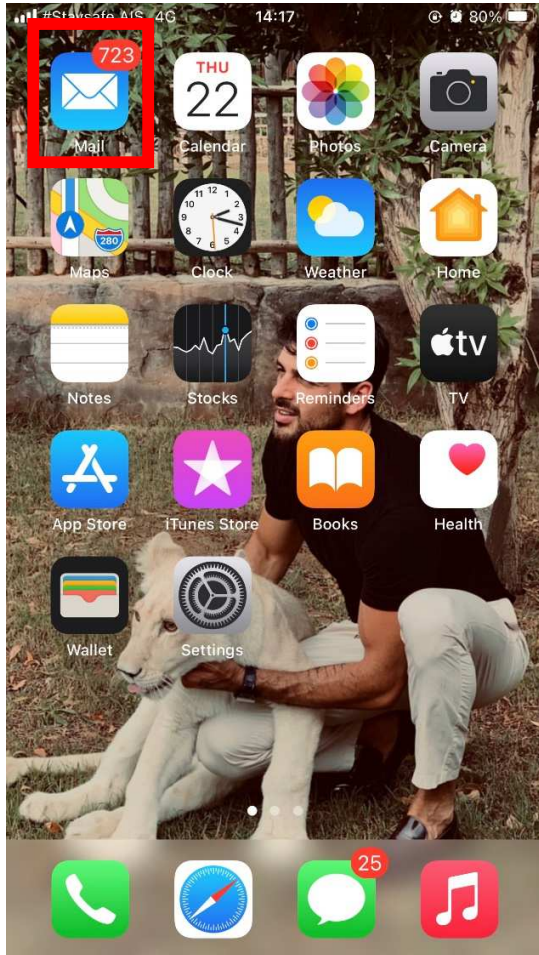

You can tap or untap the items such as Contacts, Calendars Reminders and Notes to allow an Exchange to access for those and then tap Save.

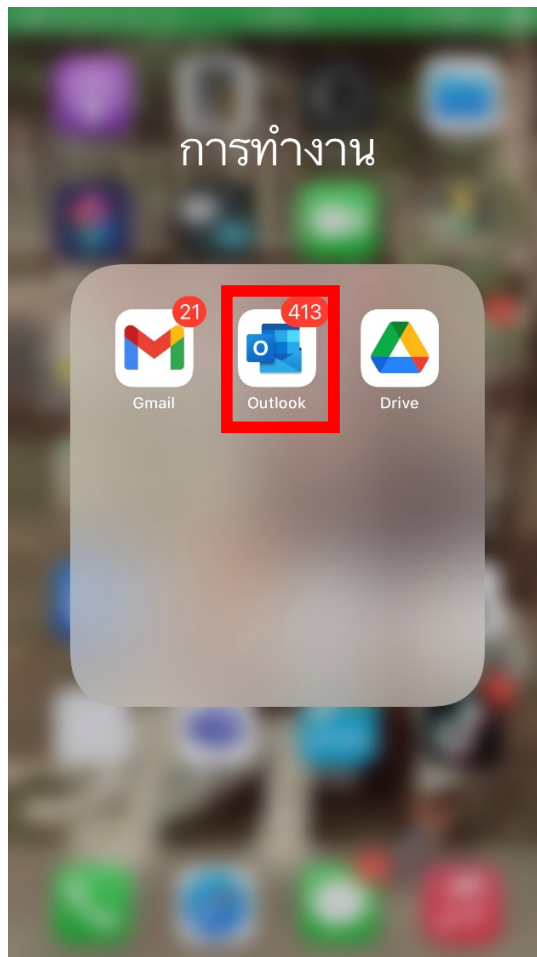

You can also check the complete of email setup process by going to Mail apps on your phone

And check your inbox email.

2. To setup email via Outlook

Go to Outlook Application

Enter your email address and tap Add Account, and then enter your password. Please enter the same password when you access to your computer (AD Password) and tap Sign In

The image displays two sequential screenshots of the HAADTHIP mobile application interface, illustrating the account setup process. The top status bar indicates the device is on a 4G network, the time is 16:11, and the battery level is at 80%.

Left Screenshot: Add Account
The screen prompts the user to "Enter your work or personal email". The email address "thamolwan.jorn@haadthip.com" is entered into the text field. Below the field, the "Add Account" button is highlighted with a red rectangular box. Other visible elements include a "Create New Account" button, a QR code login option, and a "Privacy & Cookies" link.

Right Screenshot: Enter password
The screen displays the HAADTHIP logo and the email address "thamolwan.jorn@haadthip.com". It prompts the user to "Enter password". The password "AD Password" is entered into the field, which is also highlighted with a red rectangular box. Below the field are links for "Forgot my password" and "Sign in with another account". A "Sign in" button at the bottom right is highlighted with a red rectangular box.

At the bottom of the image, a virtual keyboard is shown with suggested email domains: @hotmail.com, @tmmbank.com, and @bangkokbank.cc.

You can also check the complete of email setup process by going to Office365 on your phone

And check your inbox email.
